### SAT Sunday Testing:

You may only request Sunday testing if your religious observance prohibits your ability to test on a published Saturday test date, and this conflict is validated by an official clergy letter. Sunday testing is not available for individuals who would normally test on Saturday. Sunday test dates immediately follow each Saturday test date, unless there is a conflict with a religious holiday. Testing on both Saturday and Sunday is not permitted, and Sunday testing is not available in India or Pakistan.

If you are registering for Sunday testing for the **FIRST TIME**, register by paper as follows:

1. Fill out a paper registration form and make sure that you fill in **01000** for the Test Center Code (Item #21). Leave the second choice blank.
2. Submit an explanation letter of religious observance from your cleric on letterhead from your religious institution, with your registration form.
3. Submit your registration by mail with proper payment and letter from your cleric A) no later than the postmark deadline date for regular registration if you are testing in the United States or U.S. Territories or Commonwealths or B) In time to be received by the early registration deadline date if you are testing in an international location.

If you've **TESTED PREVIOUSLY** on a Sunday, register as follows:

1. Online ([www.collegereadiness.collegeboard.org/sat/register](http://www.collegereadiness.collegeboard.org/sat/register))
2. Telephone (866-756-7346)
